Senior Data Analyst with 8+ years of experience in retail pricing and e-commerce analytics, specialising in SQL, Python, Power BI, and AWS cloud services. Demonstrated success at Clear Demand (Bungee Tech) in automating reporting workflows, optimising complex SQL queries, and building interactive dashboards that drive measurable business outcomes. Adept at translating large-scale datasets into actionable insights for cross-functional stakeholders.

SKILLS

Languages: SQL, Python

BI & Visualisation: Power BI, Tableau, Excel (Advanced)

Cloud & Big Data: AWS (Athena, Glue, S3)

Core Competencies: Data Analysis, ETL, Data Warehousing, KPI Reporting, Query Optimisation, Stakeholder Management

WORK EXPERIENCE

Clear Demand India Pvt. Ltd. (formerly Bungee Tech)

Nov 2019 – Present

Senior Data Analyst

- Optimised complex SQL queries, improving reporting efficiency by 30% and significantly reducing query execution time.
- Developed interactive Power BI dashboards, reducing manual reporting effort by 40% and enhancing real-time KPI visibility.
- Automated data workflows using Python, saving 10+ hours per week and minimising manual processing errors.
- Processed and analysed large-scale datasets (1M+ rows) using AWS Athena and S3, improving query performance and data accessibility.
- Identified data trends and patterns that improved decision-making efficiency by 25% across business units.
- Partnered with stakeholders to gather business requirements and deliver actionable insights for strategic planning.
- Collaborated with cross-functional teams to ensure data accuracy, governance, and reporting consistency.

Eshopbox Ecommerce Pvt. Ltd.

Oct 2018 – Oct 2019

MIS Executive

- Generated automated daily MIS reports, improving reporting efficiency by 20%.
- Reduced manual effort through advanced Excel techniques including VLOOKUP, Pivot Tables, and complex formulas.
- Performed data cleaning and analysis to extract actionable insights for operations teams.
- Developed MIS reports highlighting key performance metrics to support informed decision-making.

Wardrogue India Pvt. Ltd.

Dec 2017 – Sep 2018

EDP Analyst

- Generated daily performance reports using Excel, enabling data-driven decision-making.
- Performed data scraping and cleaning from web sources, improving data accuracy and usability.
- Maintained and updated backend databases to ensure data integrity.
- Supported budgeting and financial planning processes through data analysis.

RMS Risk Management Solutions

Feb 2017 – Oct 2017

Data Consultant (Contractual)

- Analysed, cleansed, and enhanced datasets provided by reinsurance clients to meet quality standards.

- Applied differentiated coding for account pricing based on occupancy codes from Schedule of Values.
- Scrubbed and analysed COPE data (Construction, Occupancy, Protection, and Exposure) for risk assessments.
- Developed dashboards for tracking performance against key reinsurance metrics.

KEY PROJECTS

Sales Performance Dashboard (Power BI)

- Built an end-to-end Power BI dashboard to track revenue, sales trends, and KPIs across business units.
- Reduced manual reporting turnaround time by 40%, enabling real-time decision support.

SQL Data Analysis & Optimisation Project

- Performed complex multi-join queries on large datasets to identify trends supporting business decisions.
- Implemented query optimisation techniques that reduced average execution time by 30%.
